

VOLUNTEERS NEEDED

To avoid the application of herbicides to address invasive milfoil we need:

Suction Harvesting!!!

We have the equipment.

**BUT - suction harvesting cannot be done unless volunteers step forward to do the work.
YOU - or family members and friends are needed to fill any one of the roles noted below.**

- **DIVERS:** to do the underwater work
- **BOATERS/KAYAKERS:** to help scoop up stray pieces of milfoil, using a small net or similar "catching" device; & keep boats from approaching where diver is located
- **WORKERS ON THE HARVESTER:** to move the retrieved milfoil into bags for transportation to shore

SIGN UP NOW & SPECIFIC DATES & TIMES WILL FOLLOW.

SEND to Aaron (plumsupply@aol.com) or Art (artsearle@gmail.com)

- Name of volunteer _____
 - Email address _____
 - Phone # (especially important. if weather affects plans) _____
 - Volunteer role: **diver, boater/kayaker, or worker on the harvester** _____
